\$347

Disco (5 Hours) \$130 per hour (4 hr - \$518)

We offer a very professional disco service with a fully trained DJ and a state of the art sound system with lighting.

We can cater for all tastes of music and our DJ is happy to take requests on the night or you are welcome to tell us what type of music you require on your special evening.

We have a huge list of references and we have catered for everything from private functions to corporate functions throughout Victoria, specialising in Wedding Discos. For over 10 years we have provided unsurpassed service to most of the top catering & function centres, venues, hotels and restaurants across Victoria.

647

Karaoke Disco (5 Hours)

Our Professional Karaoke/Disco show includes a professional full-time Entertainer/Host with over 10 years experience (not a part-time teenager who runs shows from home with "Home Stereo Gear"), Sound Activated Lighting, Disco and TV Monitors.

We specialize in corporate functions, birthdays & private functions and our show includes a DJ/Host who will sing and entertain the crowd at the beginning of the night to get things moving for a great party.

\$647

A Well-Groomed & Professional Host will entertain your guests and ensure the party runs smoothly. All age groups are catered for and everyone will feel involved in the proceedings - something that only comes with experience.

A Fully Hosted Disco is provided in between sets of Karaoke with your choice of music and video clips. A top class DJ will play your favourites and have your crowd on a high all night!

Utilising all the latest technology available we provide over 60,000 Karaoke Songs to choose from (ranging from 1950s to current TOP 40) with words and video clips on the screens.

The software or songs can be very expensive and therefore a lot of Karaoke Operators simply do not update their lists and some even run shows with a mere fraction of the available tunes. Some still run shows with tunes that they used 5 or more years ago and have added nothing since. We will not be outdone on choice and availability of essential Karaoke Tracks!

Our lists are updated on a fortnightly basis as new material becomes available and as we also sell the Karaoke Software to the industry we are always at the forefront of available classics as well as latest happening tunes.

Budget Karaoke

**Various Units Available with songs from classics to the latest
TOP 40 Tunes that Adults & Kids will love!**
